

Bill of Materials

(the parts that you need)

Any parts that are green ("Bright Green") can be any color, as they are not seen in the final model.

Also I suggest that you change the colors in the model to match what LEGO parts you have, as in most cases the model won't look that much different

Also, the "pixels" in the skin are made with tiles (and colors) auto-generated by Studio, don't take 2 hours trying to find 2 1x1 tiles if a 1x2 tile will do
